## Recent Work Experience

### The Lab

**Dates attended:** June 2013 - Present

**Title:** IT Mentor

- Set up the facility with the required software and I continue to maintain this facility, performing software updates as needed
- Mentor lab participants in a group of approximately 10 children who have Asperger's Syndrome, ranging from 10 to 16 years old
- Assist in conducting interviews with potential new IT mentors

### University of Western Sydney

**Dates attended:** March 2012 - Present

**Title:** Practical Tutor and Casual Lecturer

- Presented academic material to class sizes ranging from 13 students to 25 students
- Conducted quiz sessions in a strict, controlled environment as well as friendly and open tutorial sessions
- Marked student assignments and provided both verbal and written feedback

## Blue Gum Technologies

**Dates attended:** January 2013 - July 2013

**Title:** .NET Programmer

- Gathered requirements from brief project description and preliminary designs and diagrams
- Logged work in Atlassian Confluence and Jira
- Used an SVN repository
- Developed a flexible forms engine as a .NET web service, as well as an ASP.NET based administration tool and .NET WinForms based demo client

## Actron Air

**Dates attended:** January 2012 - Present

**Title:** Android / iOS App Developer

- Gathered design requirements at the beginning of the project and saw these through to completion.
- Addressed cross-platform compatibility and design problems that arose throughout the project
- Communicated with various team members and used their feedback to provide a better solution
- Developed a mobile application for my client's dealers, developed in Appcelerator Titanium and deployed to Android and iOS devices. Also provided a Windows based administration tool for the app using TiDeSDK (formerly Titanium Desktop) and a number of ASP.NET web components.

## Fist Data Asia Pacific

**Dates attended:** August 2010 - February 2011
